Stadt Wien

klimaaktiv

Interdisciplinary, holistic & pioneering

Immerse yourself into a globally unique summer programme full of novel ideas! At AEMS we follow a holistic approach to restructure our economic and financial systems to operate within the ecological boundaries of our planet. Discover innovative concepts like the Economy for the Common Good, Doughnut Economics, Degrowth, Sovereign Money, and many more!

Collaborative summer experience

Explore the world of AEMS and join our network of more than 500 alumni in over 80 nations. Discuss ideas with like-minded people in interactive settings. Extra-curricular activities, such as sports events or traditional Austrian dinners, will help you to build strong connections with your co-students.

AEMS thrives on collaboration and is supported by many international partner universities and organisations – many of which offer scholarships. Find out more on our website and apply early!
